Tradesman Rolling Bag

Trusted by the Trades.

Rock Your Jobsite.

The Crescent Tradesman Rolling Bag has what it takes to get your tools and supplies to where you need 'em. Tough polyurethane wheels for long rolling life, and integral skid plates for stairs and rough terrain. Stack 200 pounds on top, tie it down and pull it all with the sturdy telescoping handle. Getting your stuff to the jobsite is better with the right tool... and the Tradesman Rolling Bag is the perfect tool when it's time to rock 'n' roll.

Bright Interior

Bright interior fabric allows for easy visibility in the bag.

Pocket Sleeves

Never lose small pieces in the bag.

Ergonomic Top Handle

For easy lifting

Skid Plate Rolling Wheels

Wheels designed to help you get up and down stairs.

Telescoping Pull Handle

For easy rolling, this durable handle collapses when not in use.

200 lbs. Lid Capacity

Stack all of your tool boxes for easy moving.

Magnetic Lid

Quick and easy access to tools. Magnets also keep lid open during sorting.

10 PALS-Style Outside Loops

Keeps the most often used tools handy and secure.

35 Total Pockets

For ultimate tool storage and quick access to the most used tools.

1680 Denier Ballistic Weave Fabric

For rugged durability
