The Hardest-Working Every Day Carry

When you have a Crescent pocket knife, you've got the hardest-working Every Day Carry on the jobsite. Designed for professional tradespeople, each one is a no-nonsense tool that can be counted on to perform reliably every time it's needed. And with a selection of blade types and blade and handle materials, there's a Crescent pocket knife made to suit every personal style and requirement.

3.5" Aluminum Handle Pocket Knife with D2 Steel Harpoon Blade

The sturdy harpoon-style blade of this knife provides extra blade strength that allows for greater leverage and downforce when needed. The smooth, clean lines of its natural anodized aluminum handle give it a great look, while providing light weight and an amazingly comfortable grip for maximum control.
