

 **CRESCENT**[®]

Insulated Tools

Trusted by the Trades.

Keeping You Safer from Electrical Shock

Electrocution is one of OSHA's "Fatal Four," causing nearly 9% of all construction workplace deaths. Insulated Tools from Crescent provide a solution for tool users to work more safely with electrically-conductive materials in high-voltage applications up to 1,000V AC, 1500 V DC.

Insulated Pliers

Crescent insulated pliers are VDE certified and offer users an extra layer of protection when working with materials that conduct electricity. Their high visibility, ergonomically-designed anti-slip handles provide exceptional control, critically important when working around electrical equipment. Cutting edges are specially sharpened for crisp, precise cuts and are laser-hardened for long-lasting performance.

6" Long Nose Insulated Plier

VDE CERTIFIED FOR USE IN 1000V HIGH-VOLTAGE AREAS

Insulated Design
For use in high-voltage areas with up to 1000V of alternating current, VDE certified, and built to meet IEC/EN 60900-2012

6LNVDE

ERGONOMIC ANTI-SLIP HANDLES

Ergonomic Anti-Slip Handles
Maximize comfort and grip strength

LASER HARDENED EDGES STAY SHARP

Laser-Hardened Cutting Edges
For long lasting edges and superior cut

VDE
1000V

*Products bearing the VDE mark have passed the rigorous safety certification standards of the VDE Institute, recognized worldwide as a trusted testing organization for electrical products. CRESCENT INSULATED TOOLS ARE NOT FOR USE ON LIVE CIRCUITS. BEST PRACTICE IS TO ALWAYS DISCONNECT OR TERMINATE ANY LIVE CURRENT TO WORK AREA BEFORE USE.

Item No	Description	Shelf Pack Quantity	Size	Rated Voltage	Product Weight
6DIAGVDE	6" Insulated Diagonal Plier	6	6"	1000V	0.495 lbs.
6LMVDE	6" Insulated Linesman Plier	6	6"	1000V	0.555 lbs.
6LNVDE	6" Insulated Long Nose Plier	6	6"	1000V	0.415 lbs.
6WSVDE	6" Insulated Wire Stripper Plier	6	6"	1000V	0.5 lbs.
7DIAGVDE	7" Insulated Diagonal Plier	6	7"	1000V	0.605 lbs.
7LMVDE	7" Insulated Linesman Plier	6	7"	1000V	0.67 lbs.
8LMVDE	8" Insulated Linesman Plier	6	8"	1000V	0.795 lbs.
8LNVDE	8" Insulated Long Nose Plier	6	8"	1000V	0.56 lbs.

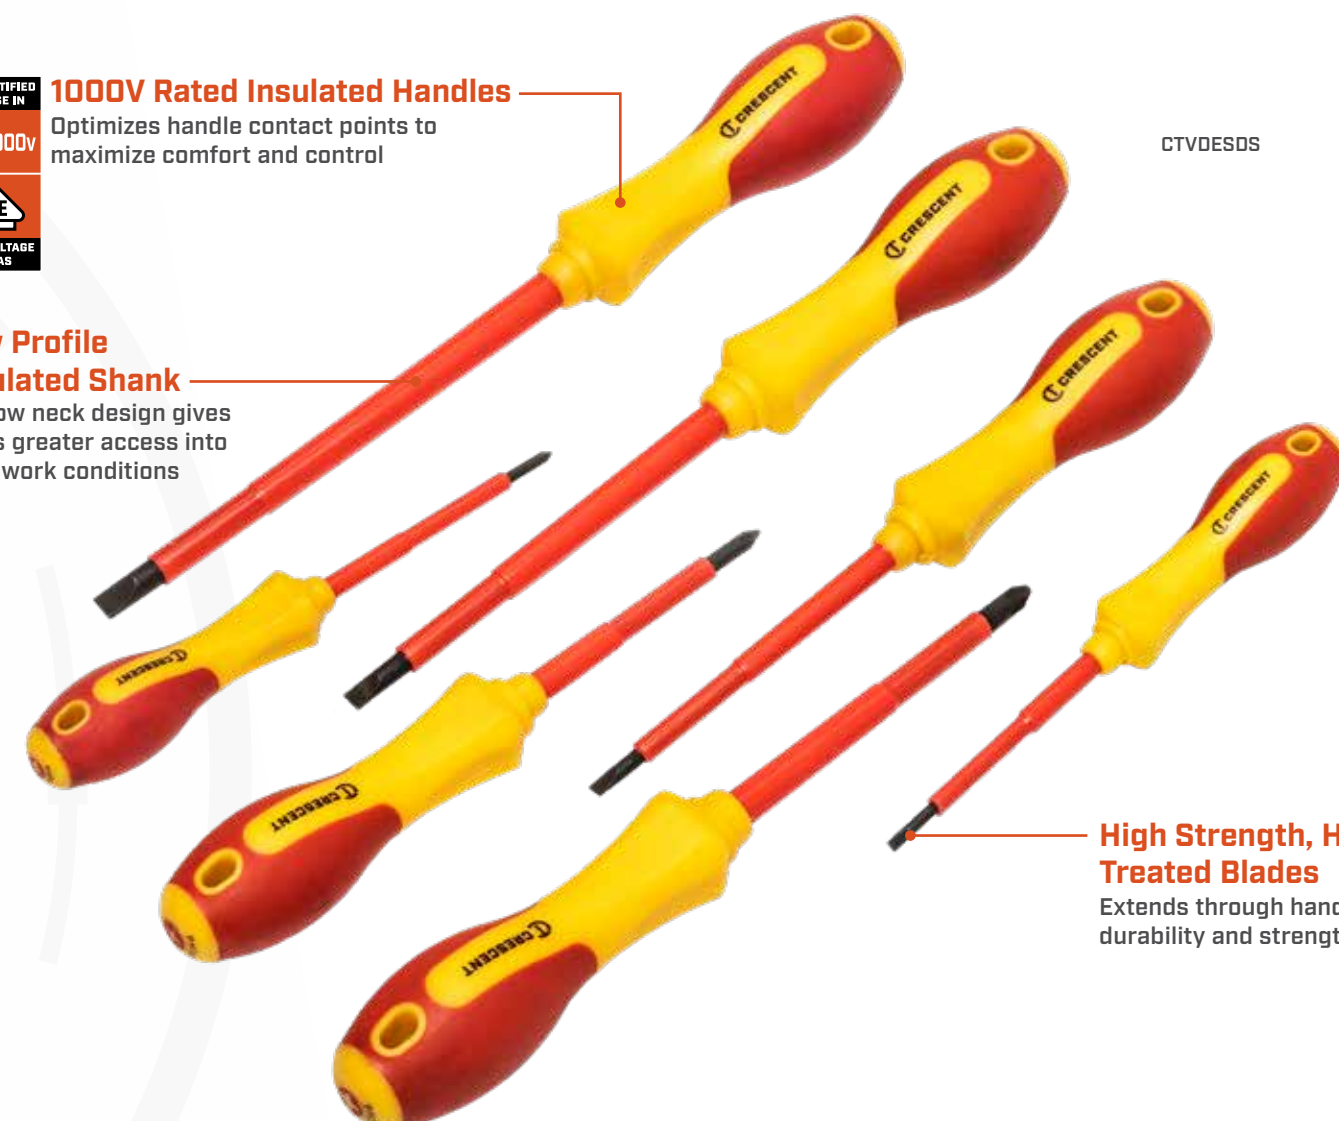

Insulated Screwdrivers

Crescent insulated screwdrivers are VDE Certified and are designed and constructed for safe use around electrically-conductive materials and electrical equipment. Their dual-material, high visibility handles are specifically shaped for comfort when working in high-voltage situations. High-strength heat-treated blades have low-profile 1,000V AC-insulated shanks for better access in tight spots. Blades extend through the handles for extra durability and strength. Crescent insulated screwdrivers are available as a 7-piece set that includes all common slotted and Phillips sizes.

VDE CERTIFIED FOR USE IN 1000V HIGH-VOLTAGE AREAS

1000V Rated Insulated Handles
Optimizes handle contact points to maximize comfort and control

Low Profile Insulated Shank
Narrow neck design gives users greater access into tight work conditions

CTVDESDS

High Strength, Heat Treated Blades
Extends through handle for durability and strength

VDE
1000V

* Not for use on live circuits. Best practice is to always disconnect or terminate any live current to a work area before use.

Item No.	Description	Shelf Pack Quantity	Size	Rated Voltage	Product Weight
CTVDESDS	7 Pc. VDE Screwdriver Set	4	Phillips: #0 x 3", #1 x 3", #2 x 4" Slotted: 1/8" x 3", 5/32" x 4", 7/32" x 5", 1/4" x 6"	1000V	0.80 lbs.

eSHOK-GUARD™

Protect yourself from electric shock with Crescent's new patented isolated technology, eSHOK-GUARD, providing insulation of up to 1,000 volts. Combining safety and convenience for a revolutionary experience when working around potential live wire applications, eSHOK-GUARD's impact-rated design withstands heavy-use, and impact tool applications, so you never have to sacrifice protection when using power tools.

INSULATES ALL BITS
UP TO 1000V

Isolation Zone
Protects you up to 1000V. Insulates all of your standard bits.

IMPACT RATED
Impact Rated
Withstands heavy use in impact applications.

1/4" 1/4" Hex Shank
Compatible with impact drivers and drills.

Magnetic Tip
Fasteners stay securely in place.

Retaining Ring
Easily secure and replace bits.
