

 **CRESCENT**

Wood Drilling

Drill Through Any Job

Crescent's Wood Drilling program offers a full line of drilling products designed for speed, precision, and durability on the jobsite. The line features a range of wood drill bits including multiple sizes and lengths in high speed spade and auger bits, flat spade bits, solid and ship augers, installation, and self-feed drill bits. Additionally, Crescent has an extensive range of extensions for increased accessibility. Whatever your wood drilling needs Crescent delivers designs optimized for fast, clean cutting with long lasting bit life.

Nail Ripper™ High Speed Auger

The Nail Ripper™ technology allows the bit to strike and pull through nail-embedded wood at rapid speed generating a precise, clean cut.

Speed Striker™ Screw Point Paddle Bit

The SpeedStriker™ Technology quickly engages in materials, resists nails and enables the bit to pull through wood at rapid speed making precise, clean holes.

8x
High Impact Performance
Optimized for heavy duty use and 8X the life span with modified impact zone

Tri-Flute Design
Tri-Flute Cutting Edges allow for faster chip removal and more cuts per charge

5x
Maximum Durability
NailRipper™

1/4" Quick Release Hex Shank
Impact rated optimal performance impact drivers and drills

Maximum Performance
Designed to cut through 20X faster than competitive standard flat paddle bits

CDSA-645

High Impact Performance
Optimized for heavy duty use and 15X faster cutting speeds with modified impact zone

Refined Spurs
Bits bust through nails with unmatched strength

1/4" Quick Release Hex Shank
Impact rated optimal performance impact drivers and drills

2x
Maximum Durability
Allows users to go faster with control

Contoured Paddle Bit
Efficiently removes chips to prevent hole clogging
